

ADVANCE SERIES

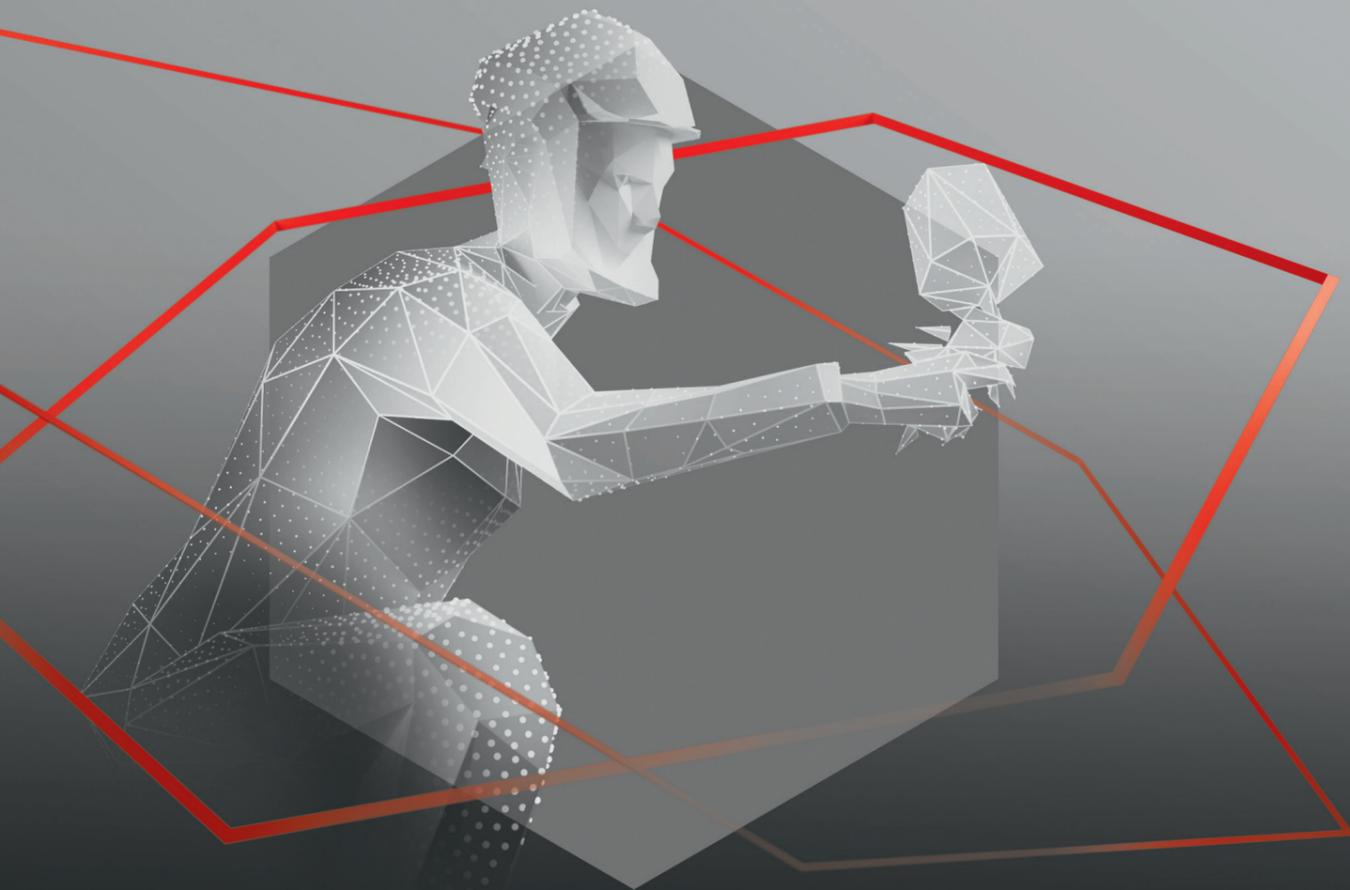

Productivity on another level.

Perfection
made simple

A brand of BASF – We create chemistry

Welcome to advanced productivity.

The new R-M Advance Series is specially formulated to give your bodyshop a high-performance edge on productivity.

Elevate your performance and create an outstanding finish with this new clear coat portfolio. It's time to advance your productivity to a whole new game-changing level.

Advanced benefits.

At the core of the innovative new Advance Series is superior productivity, reduced process times and class-leading results. But it doesn't end there. Advance Series is part of an interconnected range of services and R-M specialist support that's ready to drive your profitability.

Advanced certification

R-M Advance Series products have been given a seal of approval by leading automotive manufacturers. Such a show of confidence and trust in our products reflects positively on your business too. You'll be offering customers an OEM standard finish that manufacturers would be proud of. And all backed up with a high level of service support.

Advanced backup support

R-M Advance Series offers your bodyshop high-end productivity. Enhancing this throughput is the solid backup support delivered by our experienced R-M technical support teams and other vital services. Everything we do is driven to keep your bodyshop at peak performance.

Advanced paint systems

R-M Advance Series provides your bodyshop with the innovative, easy-to-use paint systems you need to increase your throughput. Advance Series takes this to another level by also greatly reducing materials consumption and process times – all leading to an increase in profitability for your bodyshop.

Advanced partnerships

Everything we do is focused on ensuring your bodyshop becomes increasingly profitable. It's a long-term commitment to your success that's continually creating new services and programs. And with the release of Advance Series, you have what you need to create a class-leading service and finish every time.

Advance with class-leading R-M products.

Advance Series delivers productivity on another level. Its amazing quality and class-leading results lets you redefine your business with a diverse range of products. Here you'll find everything you need to create a stunning finish.
