TopScan

Perfection made simple

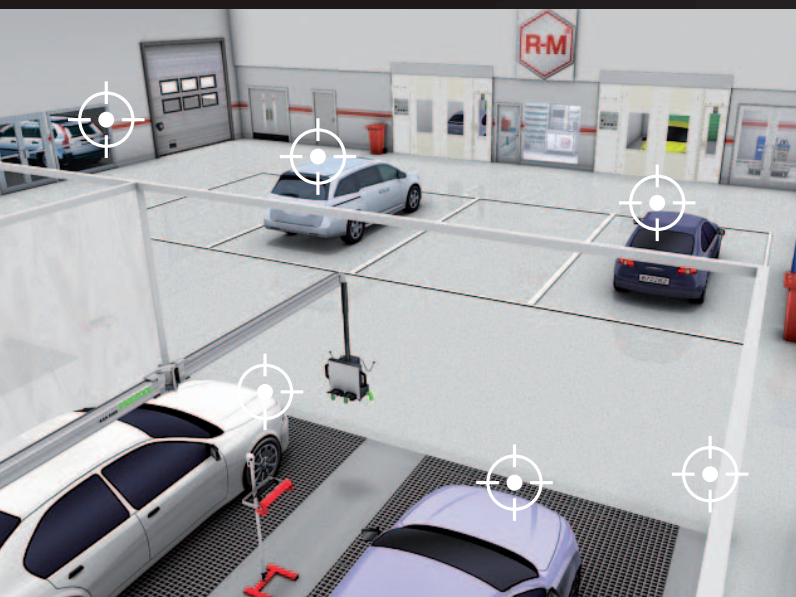

TopScan: tailor-made diagnosis dedicated to workshop performance

Continuous improvement has become essential in order to remain competitive. With TopScan, R-M performs a rapid and systematic diagnosis of your paintshop (+/- ½ day depending on the size of the bodyshop). The aim: to enable you to quickly and sustainably increase your profitability and your competitiveness through effective action. To do this, your R-M consultant offers you all his expertise and practical experience.

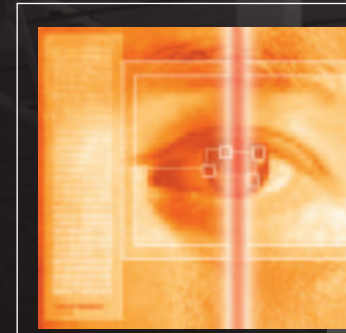

A particularly beneficial analysis

- 1 Equipment, paint & consumables, processes and technical knowledge of the painters: each sector is "scanned" and more than 200 points analysed.**
- 2 The result of this audit: specific recommendations with an estimate of savings and possible gains.**
- 3 Finally, your R-M consultant helps you to establish an action plan to achieve tangible results on your indicators.**
